Attachments: DE Workshare 2018 - 05302018.xlsx

Anita,

Thank you for the comments. I have attempted to address all the comments. I went through each site again and reworked the site IDs, Site Actions, and the Comments sections. I appreciate your thorough review of the workshare it really helped me create a more accurate document. I spoke with my state counterpart today regarding the OCA sites which require memos to close out the actions, and the state is still working on them. I also spoke to him about the active sites as well and have included the updates to the file as well.

Thank you.

Subject: RE: Workshare Update HAS NOT BEEN CHANGED TO REFLECT CURRENT STATUS IN SEMS

Good Morning Connor;

Please see my comments below. I'm sorry but Site status has not changed since you sent this email to me on March 2nd.

The workshare does not reflect the site actions in SEMs. You indicate sites are NFRAPed but in SEMs they reflect an active status.

Subject: RE: Workshare Update

Anita,

I have attached the updated Delaware Workshare table. I have also included the last workshare document provided to me from Wanda. There have been a couple changes to the document and I have outlined them in the excel table. I held the workshare planning meeting with Qazi on February 22 prior to the annual workshare meeting.

Thank you.

Subject: RE: Workshare Update

Good Morning Connor;

On March 8th I requested that all workshare meetings be completed by May 25th. As of today I have not received any type of schedule invite or a final workshare update. The updates you provided back in March was outdated or did not exist based on the site schedules in SEMs.

Please submit DE final workshare updates ASAP, this process is needed before Yazmine and I can perform the Programs FY19 work planning meeting.

Thank You
Anita

Connor;

Just a reminder you must complete the duration columns (planned completion/RSAD Submitted).

Thanks
Anita

Subject: RE: Workshare Update

Good Morning Connor;

I reviewed the attached document and had a couple of questions regarding the status;

Nonresponsive based on revised scope

- **Blades GW – Please note site has not been entered in EPA R3 SEMs data base. However the status you provided indicates Removal is working on the Site. If this is the case my recommendation per SPIM would be to refer this site to the Removal Program.**

If you have any questions, please feel free to contact me prior to the 8th of June, when all workshare spreadsheets are to be completed.

Thanks
Anita

Subject: Workshare Update

Anita,

I wanted to let you know I had a brief workshare update meeting with DNREC. I have attached the updated spreadsheet for you to look through. DNREC will be sending me a couple closeout letters/memos in the upcoming months. Let me know if you have any questions. Thank you.
